OSRAM

TYREinflate 400

3.5 minutes inflation time 1)

Quick inflation, less time spent on maintenance, giving you more time to do other things

Wind-Up Power Cable

For quick and convenient storage

Bright directional white LED light

To assist in low light conditions

Digital Tyre Inflator

The OSRAM OTI400 can inflate a tyre from flat in 3.5 minutes¹⁾. With such a quick inflation time, less time is spent on tyre maintenance. It includes a backlit digital display and white LED light for maximum illumination in darkness. The OTI400's flat design makes the unit stable whilst in use, as well as the wind up cable eliminating any messy wires and helping you get back on the road faster. Comes complete with three piece adaptor kit for bicycle tyres, balls and other inflatables.

TYREinflate 400

Legal advice

- 1) Based on inflating a 13" tyre from flat to 2.4 BAR
- 2) Measurements of the tyre pressure and inflation of the tyres to the optimum tyre pressure must always be conducted on cold tyres

Application advice

For more detailed application information and graphics please see product datasheet.
