

# LEDDriving DMI for SEAT

Legal and powerful LED upgrade

## Dynamic LEDs

Fully dynamic LED mirror indicator with high-performance LEDs

## - Plug & Play

- Uncomplicated modification and installation- Quick modification and installation

## Up to 200% more brightness<sup>1)</sup>

High contrast day and night due to intensive yellow LED light<sup>2)</sup>

## ECE-certified

- ECE R6/R10- Completely legal- No registration in the car documents required

Switch on the WOW with OSRAM LEDDriving dynamic mirror indicators

## Innovative & Up to date

Driven by our pursuit of innovation and quality, we are redefining vehicle lighting from OSRAM. With the addition of the **LEDDriving dynamic mirror indicators**<sup>1)</sup>, the extensive OSRAM LED portfolio has received an additional upgrade. These fully dynamic LED mirror indicators offer an innovative design to impressively complement the individual look of your vehicle. They score based on innovative high-performance LEDs with up to 200% more brightness<sup>1)</sup> and impressive high contrast during day and night due to intensive yellow LED light<sup>2)</sup>. Thanks to the latest light guide technology, they also offer a homogeneous light distribution over the to be illuminated mirror indicator surface. As result

of all these aspects, there is the possibility of an improved perception of your vehicle by oncoming traffic and consequently increased safety in road traffic. In addition, OSRAM grants a 5-year guarantee<sup>3)</sup>

### **High compatibility & Individual design**

The **LEDriving dynamic mirror indicators** are not only characterized by their innovative lighting technology but also by a high level of compatibility. So, they are compatible with a variety of vehicle models. There are also two variants to choose from: The BLACK or WHITE EDITION: both are designed to effectively bring out the individual style of numerous vehicles. While the BLACK edition impresses with a tinted, black design, the WHITE edition features a clear and white design. Due to the two different versions, the **LEDriving dynamic mirror indicators** adapt perfectly to the exterior of a wide variety of vehicles.

### **Completely legal & uncomplicated conversion**

Accentuating the vehicle completely legally, in a straightforward and extremely stylish way with eye-catching accents is now very easy with the latest OSRAM innovations. According to the ECE guidelines, the necessary tests and approvals have been carried out on the **LEDriving dynamic mirror indicators**, which means that they are completely legal in road traffic and a registration into the vehicle documents is not necessary. ECE certified according to ECE R6 / R10.

The Plug & Play technology ensures a quick and uncomplicated installation of the **LEDriving dynamic mirror indicators**, existing cables do not have to be changed or damaged.

### **Tested OSRAM quality according to DIN EN ISO / IEC 17025**

The **LEDriving dynamic mirror indicator** has been tested in our DIN certified environmental simulation laboratory for extreme external influences regarding water, dust, cold & warm temperatures, UV light and permanent vibrations and validated with the IP protection class IP6K9K.

**Switch on the WOW with the OSRAM LEDriving  
dynamic mirror indicators**

**Application Advice:**

Seat Leon 5F (2012-)

Seat Ibiza KJ (2018-)

Seat Arona KJ (2018-)

1) Compared to the minimum requirements of ECE R6

2) Compared to other mirror indicators
