OSRAM

BATTERYstart 400

Jump starters

Engine size compatibility To jump start 12 V vehicles up to 8 L with petrol engines and 4 L with diesel

Battery Power High Power 16,800 mAh Lithium Cobalt battery

Powerbank-Function Charging electronic devices including smart phones and tablets

Compact and powerful lithium jump starter with power bank feature

The OSRAM BATTERYstart400 is a high power Lithium Cobalt LiCoO2 jump starter for 12V vehicles up to 8L with petrol engines and 4L with diesel. Compact, without compromising on power, the BATTERYstart400 fits easily into the glovebox of your car – making it easier to use when in an emergency.

The BATTERYstart400's intelligent clamps have anti-spike, reverse polarity and short circuit protection, keeping you, the car and the jump starter safe and in working condition.

Also includes a power bank feature for charging electronic devices such as mobile phones and tablets and a bright LED working light.

Ideal for all car sizes, SUVs, vans and motorcycles.

Technical data

	Product information			
Product description	Efficiency	Recommended Petrol Engine size (up to)	Recommended Diesel Engine size (up to)	USB sockets 2.1A
BATTERY start 400	Best	8 l	4 l	2
			General Product Information	Physical Attributes & Dimensions
Product description	12V Power socket connection	Application (Category and Product specific)	Global order reference	Length
BATTERY start 400	Yes	Lithium Starter	OBSL400	212.0 mm
			Environmental & Regu Information according Regulation (EC) 1907/2	Art. 33 of EU
Product description	Width	Height	Information according	Art. 33 of EU

Product description	Safe use instruction	Declaration no. in SCIP database
BATTERY start 400	The identification of	04bfb91c-9f38-4530-
	the Candidate List	8bb1-23587637e9c4
	substance is	
	sufficient to allow	
	safe use of the	
	article.
